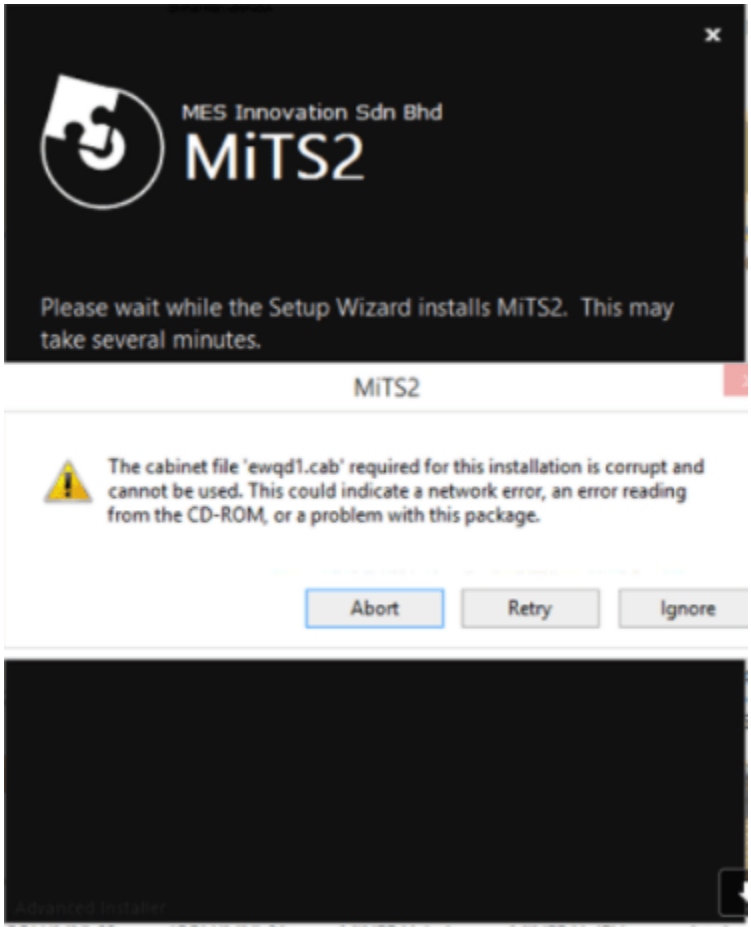
MiTS 2 Installation Error

Installation · https://mes100.com/docs/mits-2-installation-error-on-ewqd1-cab-required-for-this-installation-is-corrupt-and-cannot-be-used/

What to do when MiTS 2 installation was denied and corrupted showing

"The cabinet 'ewqd1.cab' required for this installation is corrupt and cannot be used. This could indicate a network error, an error reading from the CD-ROM, or a problem with this package''

as per image below;



This may be due to the installation file downloaded being corrupted along the download process. Therefore, if you encounter this issue, **kindly re-download the installation file and re-install**

MiTS 2.

However, if the issue still persists, do contact our technical team for further assistance.
